Art Unit: 1711

1. Claims 12-14 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

It is unclear if the oligomer of claims 12 –14 constitutes a separate and distinct component from the urethane (meth)acrylate component of claim 1. Despite applicants' amendment, it remains unclear if or how the component of claim 12 is to be distinct from component (ii) of claim 1.

2. Claims 1-20 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

It is unclear if the "more than one of" language of claim 1 is to pertain to "said X₁".

3. Claims 1-20 are rejected under 35 U.S.C. 112, first paragraph, as failing to comply with the written description requirement. The claim(s) contains subject matter which was not described in the specification in such a way as to reasonably convey to one skilled in the relevant art that the inventor(s), at the time the application was filed, had possession of the claimed invention. Firstly, it is unclear where support exists for the "more than one of" language of claim 1. Secondly, it is unclear how to interpret the meaning or metes and bounds of the "more than one of" language, given the position taken within paragraph 3 of the Office action of March 16, 2004, wherein it was stated that enablement is provided for compositions wherein the number of (meth)acrylate groups of the urethane (meth)acrylate corresponds to the number of isocyanate groups of the multifunctional isocyanate. Applicants' response has not addressed this issue.

Art Unit: 1711

4. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.

Any inquiry concerning this communication should be directed to R. Sergent at telephone number (571) 272-1079.
